

REMARKS

Applicants are submitting this amendment because the Examiner's Amendment improperly amended claim 30. Particularly, the Examiner's Amendment indicated that, prior to the Examiner's Amendment, claim 30 defined a silicon oxide range of 49 - less than or equal to 70. However, this claim defined a silicon oxide range of 49 - 60. Consequently, Applicants have amended claim 30 to restore it to its previous range before the Examiner's Amendment.

Consequently, Applicants respectfully submit that this amendment should be entered because this amendment involves no further search because claim 30 had previously been indicated as allowed and this amendment merely corrects an error in the Examiner's Amendment.

In view of the above remarks, favorable reconsideration is courteously requested. If there are any remaining issues which can be expedited by a telephone conference, the Examiner is courteously invited to telephone counsel at the number indicated below.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,
